Abstract:

Abstract should present facts and learning that are relevant and informative including results achieved (200 to 300 words). Abstracts for GDIS presentations are distributed solely for the purpose of reviewing merit for selection of the associated presentation at GDIS and should not be circulated in any manner otherwise. If the abstract results in selection for presentation at GDIS and after the GDIS event, the author grants permission to publish both documents, abstract and presentation on the AISI website(s).
